Last Update: 6/6/12 Ref. #: MS-101333

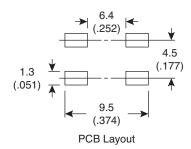

## **DIMENSIONS:** mm (in.)

# Mechanical Specifications: Electrical Specifications:

- Type: SPST
- Operating Temperature: -25°~+70°C
- Operating Force: 100 ± 50g
- Storage Temperature:  $-30^{\circ} \sim +80^{\circ} C$
- Travel/Stroke: .25 +.2 / -.1mm)
- Stop Strength: 3Kg for 15 seconds

- Rating: 50mA/12VDC
- Insulation resistance:  $100M\Omega$  min. @ 500VDC Contacts: silver clad phosphor bronze
- Dielectric strength: 250VAC for 1 minute
- Contact resistance: 100mΩ max.
- Electrical life: 500,000 cycles

### **Materials:**

- · Cover: stainless steel
- Terminals: silver clad brass
- · Base: LCP, brown
- Stem: Nylon, black

#### Note:

RoHS Compliant and Process Compatible with 260° solder

# **Tactile Switches (SMD)** 101-0465K-EV
