Han® 3 A 2 x LC duplex

Han® 3 A 2 x LC duplex

Advantages

- Compact, space-saving Design
- Just one LWL modul for high mechanical load
- High packing density
- A & B parts identification according to TIA 568 standard

Technical characteristics

Degree of protection	IP 65 / IP 67
Temperature range	-40 °C … +70 °C
Housing material	Zinc die-cast powder coating black

Identification	Part No.	Drawing	Dimensions in mm
Components device side			
Multimode GOF	09 57 467 0004 000		
Singlemode GOF	09 57 467 0005 000		
Connector			
Multimode GOF	09 57 407 0001 000		
Singlemode GOF	09 57 407 0002 000
