

Keysight U1171A Magnetic Hanging Kit

Operating Instructions

This magnetic hanging kit is designed to be used with the Keysight U1240 Series, U1250 Series, U1230 Series, and U1270 Series handheld digital multimeters.

NOTE

The included bracket is only for use with the Keysight U1241/U1242B handheld digital multimeter.

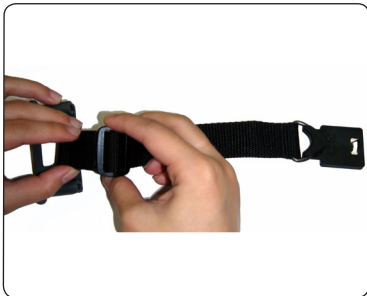

Assistance

For technical assistance, please contact the nearest Keysight Sales Office or visit the Keysight website at www.keysight.com/find/assist for further information.

Operation

Follow the steps below for the **Keysight U1240 Series** assembly.

1) Tie the strap to the adapter.

2) Insert the adapter to the instrument.

3) Snap the adapter tightly to secure the connection.

4) To disassemble, pull out the adapter.

Follow the steps below for the **Keysight U1250 Series** assembly.

- 1) Flip the stand upwards and over its maximum reach until it is detached from its hinge.

- 2) Flip the stand over so that the stand's inner surface is facing the meter's rear.

- 3) Press the stand down into its hinge.

- 4) Tie the strap to the hinge.

Follow the steps below for the **Keysight U1230 Series** assembly.

- 1) Flip the stand upwards and over its maximum reach until it is detached from its hinge.

- 2) Flip the stand over so that the stand's inner surface is facing the meter's rear.

- 3) Tie the strap to the hinge.

Follow the steps below for the **Keysight U1270 Series** assembly.

- 1) Insert the strap through the opening in the meter's rear.

- 2) Tie the strap to the meter's rear.
