

# LPR Low Profile Resistor - Aluminium Housed Resistor

LPR series are low profile resistors encapsulated in an ultra slim aluminium housed casing. Designed for applications where space is critical i.e EV vehicles, instruments, drivers and frequency converters.

- Low profile
- 50 Watt & 100 Watt Versions
- Easy mounting
- UL approved cables
- RoHS Compliant

## Characteristics

|                                |                                   |
|--------------------------------|-----------------------------------|
| Tolerance (Code):              | J ( $\pm 5\%$ )                   |
| Maximum operating temperature: | 250°C                             |
| Insulation resistance:         | >100Mohm                          |
| Short Term Overload            | 5 times Rated Power for 5 Seconds |
| Dielectric Strength            | 2500VAC rms For 1 Minute          |

## Electrical Specifications

| Type   | Wattage | Ohmic Values |
|--------|---------|--------------|
| LPR50  | 50      | 3R3 - 1K     |
| LPR100 | 100     | 3R3 - 1K     |

## Dimensions (mm)

| Series | A max | B Max | C $\pm 0.2$ | D $\pm 0.2$ | E $\pm 5.0$ |
|--------|-------|-------|-------------|-------------|-------------|
| LPR50  | 50    | 75    | 30          | 62          | 200         |
| LPR100 | 100   | 75    | 67          | 62          | 200         |

## Ordering Procedure

Standard Resistor: Series, Resistance Value, Tolerance,

e.g. LRP50 3R3 J
