

Low Profile Audio 141 Series

PC Board Mount

Features

- Pin type (0.25" length & 0.035" diameter), P.C. board mount
- Low profile, open type construction
- Frequency response 200 Hz. - 15 Khz. (+/- 2 db, ref. @ 1 Khz.)
- Net weight 0.6 oz.

| Part No. | Nominal Impedance (Ohms) |           | Max. Pri.<br>D.C. current<br>(ma.) | D.C. Resistance<br>(Ohms) |           | Output<br>(Milliwatts) |
|----------|--------------------------|-----------|------------------------------------|---------------------------|-----------|------------------------|
|          | Primary                  | Secondary |                                    | Primary                   | Secondary |                        |
| 141B     | 200 K                    | 1000      | 0                                  | 3775                      | 85        | 4                      |
| 141D     | 3000 ct                  | 1000 ct   | 1                                  | 120                       | 51        | 150                    |
| 141F     | 25 K                     | 50        | 2                                  | 1645                      | 65        | 100                    |
| 141H     | 600 ct                   | 600 ct    | 2                                  | 32                        | 45        | 150                    |
| 141M     | 30 K                     | 1200 ct   | 2                                  | 1100                      | 47        | 100                    |
| 141P     | 1200 ct                  | 8         | 2                                  | 50                        | 0.45      | 150                    |

Note: Part number 141M is incorrectly listed as having a 300K primary impedance in our latest catalogs, the primary is actually 30K as shown above.
