

DESIGN KIT

WE-LHMI – SMD Low Profile High Current Molded Inductor

**SIZE:**

7030 / 7050

TECHNICAL DATA:

L:	0.22 – 68.0 μ H
I _R :	1.25 – 15.0 A
I _{sat} :	2.45 – 44.0 A
R _{DC} :	2.10 – 386 m Ω

Order Code 744 373 4**Version 2.0**

A photograph showing five small, dark, rectangular surface-mount components arranged in a row. Each component has the text 'WE 180 1126' printed on its top surface in white. The components are shown from a slightly elevated perspective, highlighting their three-dimensional shape and the mounting pads on their sides.
