- PRODUCT SPEC: SEE PS-121201-001

LAST INSPECTION NUMBER 2

| ITEM | DESCRIPTION     |
|------|-----------------|
| 1    | SCREW           |
| 2    | COVER ASSEMBLY  |
| 3    | INSERT ASSEMBLY |
| 4    | GASKET          |

C18209N21\*\*

## SERIES

C18= INTERNAL THREAD FORM A

## POLES

2= 2 POLE &amp; 3= 3 POLE

## THREAD SIZE

09= PG9, 11= PG11, M6= M16x1.5, M0= M20x1.5, 12= 1/2" GAS, 13= 1/2" NPTF

39= PG9 W/STRAIN RELIEF, 41= PG11 W/STRAIN RELIEF

MATERIAL AND HOUSING COLOUR

G = PA6 GRAY, H= PA6 HEAT PROTECTION,

N= PA6 BLACK, W= PA66 BLACK V0, T= TRANSPARENT

GROUND POSITION

0= UNMOUNTED, 2= H12, 3= H3, 6= H6 &amp; 9= H9

## SCREW AND GASKET

1= NBR PROFILE GASKET &amp; SCREW

2= NBR FLAT GASKET &amp; SCREW

3= WHITE SILICONE PROFILE GASKET &amp; SCREW

4= WHITE SILICONE FLAT GASKET &amp; SCREW

5= NBR PROFILE GASKET, NO SCREW

9= NO GASKET, NO SCREW

0= NO GASKET, NO SCREW

A= NBR PROFILE GASKET &amp; SCREW +2mm

B= NBR FLAT GASKET &amp; SCREW +2mm

C= WHITE SILICONE PROFILE GASKET &amp; SCREW +2mm

G= NO GASKET &amp; STANDARD SCREW

I= BULK PACK FULLY MOUNTED, NO GASKET

P= INTEGRATED NBR GASKET &amp; IP67 SCREW ASSEMBLED

R= INTEGRATED NBR GASKET &amp; IP67 SCREW NOT ASSEMBLED

## NON STANDARD COMPONENTS

14= SINGLE BAG

19= PIN NO.3 NON CONNECTED/REMOVED,

23= ASSEMBLED SCREWS &amp; GASKET

10= SPECIAL GROMMET

4S= SPECIAL GROMMET

5A= SINGLE BAGGED 500 IN A BOX

9V= NO SCREW OR GASKET

AF= CENTRE SCREW MOUNTED

BM= GOLD TERMINALS

BS= FULLY UNMOUNTED ALL COMPONENTS IN SEPARATE BAGS

OH= INOX SCREW

P7= IP67 COMPLIANT

SA= UL LISTED PART

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                              |    |    |   |   |          |              |             |            |           |                                                |            |           |
