

Safety Ease™ Safety Sign Software and Printable Media

Panduit offers Safety Ease™ Safety Sign Software and Printable Media to create and print ANSI, OSHA, and ISO formatted signs, labels, and tags from an existing computer and printer. Safety Ease™ Safety Sign Software and Printable Media includes user-friendly safety sign software and high performance polyester printable media for use with inkjet and laser printers. This safety solution is designed to achieve workplace safety throughout the physical infrastructure by helping to ensure hazards are properly identified and aid in the compliance with safety standards.

Key Features

Benefits

Safety Ease™ Safety Sign Software

Over 3,400 pre-defined ANSI, OSHA, and ISO signs, labels, and tags design formats

Quick and easy creation of signs, labels, and tags that comply with workplace safety regulations contributing to the protection of employees and equipment from unexpected hazards

Multiple pre-installed language options (English, Spanish, French, and Portuguese)

Allows bilingual signage to be easily made for optimal workplace safety

Safety Ease™ Printable Media

Innovative inkjet printable polyester media

Withstands moisture and provides chemical and tough abrasion resistance for outstanding durability in industrial environments

Super-tack adhesive

Delivers strong adhesion, eliminating curling to maintain fixed mounting over the life of the sign

Permanent or removable adhesive and die cut panels options

Allows for quick, easy design, and application of signs, labels, and tags in the workplace

**3,400 Predefined
Safety Signs**

**ANSI, OSHA, and
ISO Signal Words**

Bilingual Formats

Safety Ease™ Safety Sign Software

- Software features a library of more than 3,400 signs, labels, and tags formats to cover a wide range of safety applications
- Custom signs, labels, and tags can be easily generated by editing pre-determined label formats or creating your own
- Company logos, symbols, and other graphics can be easily imported by using the software
- (26) ANSI Z535.2 formats, OSHA compliant designs, and ten standard signal words in ANSI, OSHA, and ISO-harmonized styles insures the creation of signs, labels, and tags that comply with industry standards
- Available with over 500 symbols to select from including: ANSI, ISO, GHS, European Chemical Hazard, NFPA, HMIS-style
- Pre-defined signs, labels and tags, available in English, Spanish, Canadian French, and Brazilian Portuguese. Safety Ease™ Safety Sign Software supports worldwide character sets and provides standard signal words in 25 additional languages, allowing you to print signs using these additional languages

System Requirements

- Windows^ XP, Vista, 7 or 8 (32 and 64 bit versions)
- 280 MB hard drive space and 96 MB RAM (256 MB RAM recommended), minimum 400 MHz processor
- CD-ROM drive
- Mouse or compatible pointing device allows you to print
